To Our Supporters:

UMC Charity has just completed another successful year thanks to the support from our corporate sponsors and the generosity of Unipharm members.

The beneficiaries are variety of community charities that cannot compete in an environment dominated by large charities that have unlimited fund-raising budgets. The UMC Board scrutinizes and approves several donations each year through on-line submissions. However, most donations are determined by members via donation matching.

Our members are in the best position to identify smaller charities in their communities that are deserving of our support. Even a small donation can have a large positive impact on these community charities.

The donation matching program enables you to reach out to your community with a significant impact which can only raise your pharmacy's profile in your community. This is an opportunity every shareholder should take advantage of.

Over one-third of our shareholders participate in the monthly donation program. This is an important part of UMC Charity's funding. I would encourage all our members to sign on to the \$50 a month commitment. Let's strive for a minimum of half of our members this year and ultimately all our members participating.

When we first started this registered charity in 2009, I never imagined that, within 17 years, we would reach the remarkable milestone of raising over **one million dollars** through the generosity of our donors. I am proud and grateful to have served on the Board since the charity's inception and to have been part of the team that helped make this significant achievement possible.

This accomplishment would not have been possible without the dedication, commitment, and support of so many people over the years. Everyone should give themselves a well-deserved pat on the back for reaching this major milestone.

As some of you may know, I will be retiring this year, making this my final message to the group.

Thank you all for your continued support, generosity, and belief in our mission. It has been an honour and privilege to be part of this journey with you and to witness the incredible impact we have made together.

Regards,

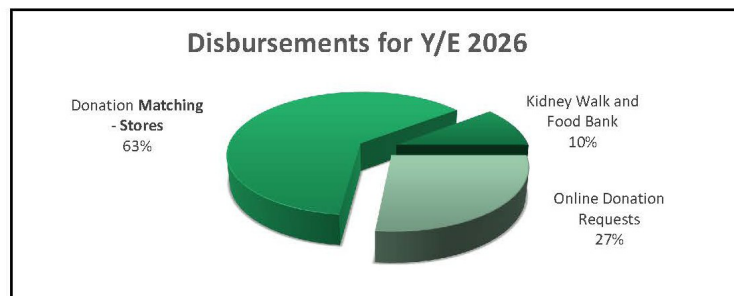

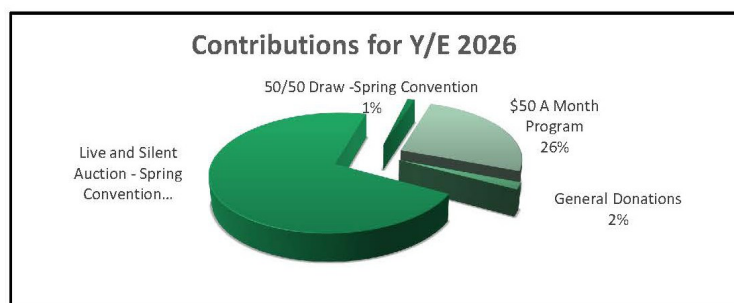

Ray Gaucher
President

YEAR IN REVIEW
